Dali

Compact and Versatile

Technical Specifications Dali Kiosk

Dimensions: H880 x W550 x D250
Weight: aprox. 35 Kg.

The Dali Model was developed both for indoor or outdoor use, particularly for placing in walls or on top of a table/balcony.

This model is manufactured in stainless steel AISI304 or painted steel (RAL Colors) using steel plate of 1,5mm to 2,5mm which ensures the stability and rigidity of all structure.

The area where the computer is installed and possible peripherals (card readers, coin acceptors, etc.), is protected with access through a security lock and includes three power plugs.

On side of display are two integrated speakers that fits smoothly in the all structure.

The Dali Model is normally equipped with a 17" SXGA touchscreen display (SAW) - 19", 22" or other sizes are possible

They are equipped with high-performance computer, with any range of CPU, 160 GB hdd or higher, 2 GB RAM, 10/100 Mb network card and any operating system (Windows, Linux, etc.), but is usually equipped Windows 7 Home or Professional Edition.
